PREFACE.

With heartfelt gratitude toward the Lord, who has been with us in the past 75 years and showered upon us His bountiful blessings, we publish this Diamond Jubilee Edition of the *Statistical Year-Book.* All these years God has blessed us abundantly. There has been also in the last year a substantial increase in nearly every respect. Praise to Him from whom all blessings flow!

Let no one imagine that the reading of these figures is dry and uninteresting. They are highly instructive and illuminating. Whoever wants to be informed upon the Missouri Synod as a corporation, its business standing as a whole and in all its parts, will find reliable information in this book. It is a picture of our Synod, as far as figures are able to present such a picture.

To place the *Year-Book* on the market at an earlier date in the year seems to be an impossibility, for the reason that the reports come in so slowly. On February 20, 161 reports and on March 2, 118 reports were still missing. And then the compilation of these figures is such an enormous task as to exceed the power of one person. Since Christmas we have worked on them every day and almost every evening, and still we feel that the result is unsatisfactory in many respects.

Finally we give a few necessary explanations: An asterisk (*) following the location of a congregation indicates that such congregation is a member of Synod. Where no voting members are given, the inference is to be made that this place is a preaching-station, where no organization has as yet been effected. "Souls" includes all baptized members of a congregation or preaching-station, both adults and infants. "Communicant members" are such as are permitted to partake of the Lord's Supper. As to schoolchildren, the aggregate of only those has been given whose names were listed in the school-record at the end of the year. A dagger (†) in the column "Months taught" indicates that such school is a Saturday- or summer-school. In the column "Teachers," numbers without any additional designation indicate regularly installed male teachers, while "P," "S," and "L" stand for pastor, students, and lady teachers, respectively. Thus 6, 2 L means six male and two female teachers. The total of those who have partaken of the Lord's Supper during 1921 may be found under "Communed."

The entire *Year-Book* has been revised by Prof. L. Fuerbringer previous to its going to press.

E. Eckhardt, *Statistician.*

Remarks on Totals of Statistics.

With 94 reports missing, the statistics are far from complete. We hope to remedy this in some way or other in future years. In most cases we were able to substitute last year's figures for number of souls, communicant members, and voting members, but the other columns we left blank. This means that in all those columns 94 reports must be added.

Pastors. — In this tabulation we list only ministers in active service in the ministry — an increase of 69. According to the District Presidents' reports 23 pastors (retired pastors included) died in 1921 and 40 retired, but in their place 98 candidates entered the ministry, and a number of ministers temporarily without a charge reentered active service. — If we add ministers serving Synod in other capacities, *e. g.*, as school superintendents, mission or field secretaries, etc., professors, and retired ministers, the number is 3,019.

Congregations. — A gain of 36 congregations. Six Districts show a minus in this column. We know at least of one instance where two congregations consolidated, and of three Districts, in each of which a congregation severed connection with us. In the remaining cases, however, the decrease is to be accounted for on the score of defective reports.

Vacancies. — 17 more vacancies than last year. That means that we are in need of 125 ministers right now to fill all our vacancies.

Souls. — A gain of 13,966. The Brazil District shows a minus of 950 souls, 816 communicant members, and 333 voting members, because 14 ministers failed to report, and since we are not familiar with conditions in South America, we were unable to substitute last year's figures. We hope that the next statistics of the Brazil District will be compiled by a minister of that District, so that we may get a complete report. A few days after we wrote the above, Rev. A. C. Waechter's report reached us, reporting 2 congregations and 2 preaching-stations with 675 souls, 275 communicant members, 82 voting members — but too late! — The Northern Illinois District, which in 1917 numbered 112,072 souls, gradually went down to 104,795. Even after we closed our statistics for this year, we received a report from a Chicago pastor showing a still further decrease of 900 souls and 150 communicants not included in our figures. Whether many of those members have joined the congregations of our English District or have moved away from Illinois, we do not know. The decrease in the other Districts seems to be the result of missing reports.

Schools. — This column calls for regular schools, which take the place of public schools. The number reported (1,277) is probably too high, as some reports seem to indicate that a few pastors included summer-schools.

Teachers. — The number of installed male teachers shows an increase of nine. If we add the teachers serving Synod in other capacities and the retired teachers, the number is 1,232.

Confirmation of Adults. — We note with heartfelt joy that the number of confirmed adults is increasing from year to year. The English District has the best record in this respect.

Marriages. — A decrease of 2,182. When the war closed, so many entered the state of matrimony that the number of marriages reached an abnormally high figure; but we are now coming back to "normalcy."

HOW TO FIND THE PERCENTAGE.

Take the number of souls in a District on which report has been made, divide by 100, and find the proportionate percentage of German and English in each column. For instance, total number of souls reported in the Southern Illinois District, 23,604.

	Souls.	*Souls.*
All German	1964	236) 1964 (8.32%
More German than English	11524	236) 11524 (48.83%
Half and Half	5984	236) 5984 (25.35%
More English than German	3266	236) 3266 (13.83%
All English	866	236) 866 (3.67%
	23604	100.00%

German.	*English.*
All German.... 8.32%	¼ of 48.83% = 12.21%
¾ of 48.83% = 36.63%	½ of 25.35% = 12.67%
½ of 25.35% = 12.67%	¾ of 13.83% = 10.38%
¼ of 13.83% = 3.45%	All English.... 3.67%
61.07%	38.93%

If, in arriving at the percentage of the respective Districts, the congregations of the English District located in them were taken into consideration, the result would be modified to some extent in favor of English. The following table shows the location of the congregations of the English District.

REMARKS ON FINANCIAL REPORT.

Column 1. — Totals of Columns 6 and 11. As 94 pastors did not report at all, while a number of those that did failed to make a financial statement, the total of Column 1 is incomplete, probably about half a million dollars too low, which is equivalent to a little over 4 cents per communicant member daily.

Columns 11—21. — Outside purposes. The greatest amount of moneys collected for outside purposes is recorded by the District treasurers — Column 18. A large sum, in the aggregate, of moneys raised for benevolent institutions, European Relief, etc., however, did not go through the hands of District treasurers. To get a correct total of such sums is nearly impossible; still, we endeavor to register as much as possible by reading the reports of other treasurers in the *Lutheraner, Lutheran Witness, Atlantic Bulletin, Southern Lutheran, Bote aus Bethesda, Sanitarium Review, Missionary News,* and the publications of other benevolent institutions. The result is given in Column 21.

Column 22. — Outside purposes as reported by pastors. We publish these figures also, as they differ somewhat from those in Column 18. Some Districts show larger figures in Column 22 than in Column 18, because large sums did not go through the hands of the District treasurers; some show less, because not all pastors reported. This has been taken into consideration in Column 11, the highest figure being taken, either the total of Columns 18 and 21, or the total reported in Column 22.

The question may be asked, How much money has been collected for all outside purposes since the organization of Synod? It is almost impossible to give a correct answer. We looked over all the treasurers' reports since 1847. In some instances a report does not appear in our periodicals, and in other reports it is not stated what sums certain Districts received from the General Treasurer. According to our figures the total of moneys received for outside purposes is: —

Through District treasurers	$17,348,827.11
Through General Treasurer: Since 1893	1,334,189.00
Before 1893 (estimated)	50,000.00
Through other treasurers (estimated)	5,000,000.00
Through L. L. L. up to March 1, 1922	2,423,747.17
Through Concordia Publishing House	3,029,342.00
	$29,186,105.28

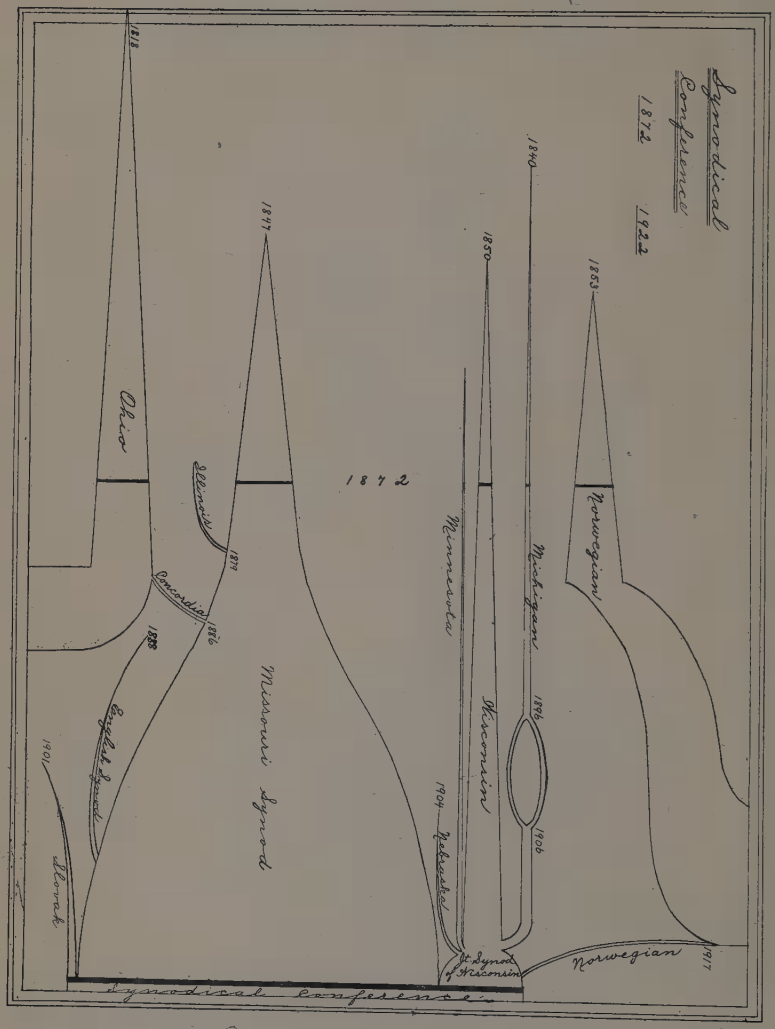
XXIII. Synodical Conference Golden Anniversary Statistics.



The Ev. Luth. Synodical Conference of North America was organized at Milwaukee, Wis., in 1872. Representatives of the Synod of Missouri, Ohio, and Other States, the Synod of Ohio, the Synod of Minnesota, the Synod of Wisconsin, the Synod of Illinois, and of the Norwegian Synod were present and effected the organization. The Synod of Illinois was later absorbed by the Missouri Synod; the Synod of Ohio and the Norwegian Synod withdrew in 1881 because of doctrinal differences; but there was an accession of other

synods, so that at present the Synodical Conference comprises the Synod of Missouri, Ohio, and Other States, the Joint Synod of Wisconsin, Minnesota, Michigan, and Other States, the Slovak Synod, and the Norwegian Synod of the American Ev. Luth. Church.

Popular Commentary of the Bible.

By

Rev. Paul E. Kretzmann, M. A., Ph. D., B. D.

New Testament, Vol. I: Four Gospels and Acts.

Since Christmas, 1921, Vol. I of the POPULAR COMMENTARY has been on the market. It comprises the four gospels and the Acts of the Apostles.

The POPULAR COMMENTARY is intended for every Christian, especially every American Lutheran, in his daily study of the Bible. It is based upon the Scripture-text only, but with continual reference to the exposition of Luther and the Lutheran Confessions; it is entirely in the English language; the discourse is connected, the Bible-text being interwoven with the commentary; all historical, geographical, archeological, and scientific references are explained, so far as there is need of it.

Every housefather ought to possess the COMMENTARY for use in home devotions. The sections are brief enough for a short devotional exercise, or, if preferred, single verses or sentences may be chosen for one lesson, since most of them are paragraphed.

The COMMENTARY aims to serve every teacher in Christian day-schools and Sunday-schools. The presentation is brief and compact, but takes up every point of the actual text in an intensive manner, and serves as the basis of more extensive exposition.

A feature that, no doubt, will be welcomed by all users of the COMMENTARY are three excellent maps: "Palestine at the Time of Christ" (preceding the title-page), "The Western Half of the Scripture World, Showing St. Paul's Journeys," and a very helpful relief map of Palestine (these two at the end of the book). The maps, when unfolded, extend beyond the covers, so that, with the books opened, they are in full view of the reader.

Price, New Testament, Vol. I, $4.50, postpaid.
